“LEVAN”

Welcome to the party

In honour of our favourite, late disco DJ, Larry Levan, we've put together a few wines & drinks in this book that will hopefully take you somewhere near to seventh heaven and back again. Or at least mountain high or river deep. The list features a range of wines which have been made with care and love, the majority by low intervention, organic or biodynamic winemakers who care as much about the environment as what's in the glass. Enjoy!

Sparkling // *Pétillant Naturel* AKA Pet Nat

Jura

No, not that lovely island off the coast of Scotland known for whisky. The Jura we're talking about is found in Eastern France, in the shadow of the Alps and a neighbourly distance from its famous cousin Burgundy.

With its unique grape varieties Savagnin, Trousseau and Poulsard, as well as its fine examples of Pinot Noir and Chardonnay, and its legendary winemakers and practices, the Jura is a particularly fascinating (and delicious) region.

White

Jura whites come in two styles - *ouillé* or 'topped up', and *sous voile*, meaning oxiditatively aged under a 'veil' of yeast.

Ouillé // Fresh, clean, zingy, mineral

Red

The Jura's red wines are made from indigenous varieties Poulsard (aka Ploussard) and Trousseau, as well as the more famous Pinot Noir, and the occasional cameo appearance. These varieties coupled with the Jura's *terroir* and climate tends to yield delicate, perfumed and bright wines coupled with an earthiness and rusticity that is so compelling. Of course there are exceptions, Trousseau in particular also lending itself to full-bodied, structured and age-worthy wines.
