

# LEVAN

In honour of our favourite disco DJ Larry Levan, in this list we've put together a selection of our favourite wines. Hopefully they'll take you somewhere near seventh heaven and back again, or at least mountain high and river deep. These wines have been made with care and love, the majority by low intervention, organic or biodynamic winemakers who care as much about the environment as what's in your glass. # The Jura

The Jura is a beautiful area in Eastern France, in the foothills of the Alps and a neighbourly distance from its famous cousin Burgundy. A rustic place famed for its gorgeous dairy products from unique cattle breeds - it is also one of France's most over-looked wine-producing areas.

With its unique grape varieties *Savagnin*, *Trousseau* and *Poulsard*, as well as its fine examples of *Pinot Noir* and *Chardonnay*, and its legendary winemakers and practices, the Jura is a particularly fascinating and distinctive region.

Jura whites are made in two styles - '*ouillé*' and '*sous voile*'. More on these below.

Jura reds tend to be delicate, bright & perfumed wines balanced by their gentle earthiness and rusticity.

## *Ouillé* White //

*Ouillé* refers to wine made conventionally (without any oxidation). These wines resemble those of nearby Burgundy, but are uniquely deep, textural & savoury thanks to the Jurassic *terroir* and microclimate.

## *Sous Voile* White //

*Sous Voile* is the Jura's signature-style, allowing a layer of yeast (the *voile* or 'veil') to form over wine in barrels so that it may naturally undergo a process of controlled oxidation. This technique often imparts intense flavours of walnut and hazelnut, stewed apple and dried hay. It is similar to the technique used in southern Spain to produce some sherries.

## *Vin Jaune* White //

*Vin Jaune* is the Jura's speciality - 100% *Savagnin* grapes that are aged *sous voile* in barrel for a minimum of 6 years, and bottled in its unique 620ml '*clavelin*' bottle. The oxidation process turns the wine a glorious golden-yellow hue, hence the name. The resulting wines are deep, rich & powerful—the perfect drink with a good cheese board (Comté!)

## Domaine Labet

"Alain Labet began this estate in 1974 with just 2.5 ha of land, a bit of a pioneer amongst his fellow vigneron as he bottled his wines from individual terroirs separately. He also shifted his focus more towards 'Burgundian' styles of wine production in the early 1990s— striving away from the common oxidative style known in the Jura at that time. Alain has since passed the reins on to his eldest son, Julien, who has carried on his father's rebellious spirit."

"Husband and wife duo, Pauline and Géraud, met at winemaking school in Dijon and have built up 12 hectares of vineyards across the south part of Jura in Cesancey, Gevingey, Vincelles and Ste-Agnès. Their soils are white marl, red marl and gryphées (limestone rich in fossils), they farm organically with minimal sulphur. Geologist Roger Martin was drawn to the Jura's famous blue marl and red clay soils. Now run by his son Pierre, the domaine is renowned as one of the driving forces behind mindful winemaking in Jura. Working organically for 20 years, and biodynamically for 10 years, their wine's are elegant and thought-provoking, but still with that classic Jura hit of acidity.

## Jacques Puffeney

"Known to locals as 'Le Pape d'Arbois' Jacques is now officially retired, having sold the majority of his vineyards to Domaine du Pélican in 2014 he held on to a small parcel of Trousseau which he used to make his stunning Cuvée Les Bérangères until 2017. Right up to his last vintage Jacques was constantly looking for ways to improve with some of the wines made in his latter years being considered by some to be the best of his career."

## Ratapoil

"Raphaël can be found in a pocket to the north east of the region, close to the neighbouring region of Doubs. Sadly many previous vintages to 2018 have been badly affected by traitorous weather so having some of his wines listed is a delight, and is one of the reasons he is also behind Avis de Tempete, a side project working with grapes from other regions. His wines are experimental and natural in style."

*"After earning a degree in international law Valentin switched gears and decided to pursue winemaking. After travelling to Alsace and learning under the likes of Bruno Schueller and Pierre Frick he returned home in 2014 to take over his father's domaine. With a strong academic background Valentin is very vocal about his beliefs in manual labour and viticultural farming in being just as much an intellectual process as law and legal proceedings.
